Medical & Surgical Supplies Division

With over 30 years of proven market experience, Spears International L.L.C has established itself as a leading and trusted partner in delivering advanced medical and surgical solutions across the healthcare sector.

Spears International L.L.C is a group of companies with an annual turnover of R.O. 2.5 million.

The Medical Division focuses on highly specialized medical and biomedical equipment and products to support and enhance the healthcare market.

Marketing Strategy

Our marketing strategy focuses on introducing high-quality products supported by strong scientific documentation and clinical studies, highlighting their advantages over competitors.

Training & Support

We ensure end-user confidence through hands-on workshops, continuous training, and direct support in operating rooms, enabling surgeons to become fully familiar with our products.

Technical Services

Our biomedical engineers provide regular maintenance and prompt technical support to ensure optimal performance and immediate response to any inquiries.

Market Coverage

Supported by a dedicated and independent sales force, we ensure comprehensive market coverage, supplying the Ministry of Health, Defense Hospitals, and leading private healthcare institutions.

Corporate Philosophy

Our success is driven by our commitment to excellence and customer satisfaction, representing only reputable and well-established companies to ensure trust, quality, and long-term partnerships.

Vision

To deliver world-class healthcare solutions and contribute to advancing the regional healthcare system to international standards.

Mission

To expand our market presence and achieve leading market share by delivering innovative, high-quality solutions supported by a strong and dedicated sales force.
